Energy Efficiency Programs

Prescriptive Incentive Program

Receive prescriptive incentives for replacing costly, less efficient equipment with new, qualifying, high efficiency equipment on a one-for-one basis. View the complete list of prescriptive incentives at [NIPSCO.com/Prescriptive](https://www.nipSCO.com/Prescriptive)

Custom Incentive Program

Custom incentives are available for energy-efficient equipment upgrades that do not fall under the Prescriptive Incentive Program. Incentives are determined based on how much energy you'll save. Be sure to get pre-approved before starting your custom project. [NIPSCO.com/Custom](https://www.nipSCO.com/Custom)

New Construction Program

The New Construction Program offers financial incentives for new commercial and industrial buildings, expansions or complete gut rehabs of existing buildings that exceed standard building practices. Be sure to get pre-approved before starting your project. [NIPSCO.com/New](https://www.nipSCO.com/New)

Small Business Direct Install (SBDI)

The Small Business Direct Install (SBDI) Program offers enhanced incentives to NIPSCO's small business customers who make electric and natural gas energy efficiency improvements in existing buildings. View the complete list of SBDI incentives at [NIPSCO.com/SBDI](https://www.nipSCO.com/SBDI)

Online Marketplace

The Online Marketplace is the one-stop-shop for energy efficiency. Specially designed no-cost kits—filled with energy-saving products—are offered throughout the year to eligible business customers. [NIPSCO.com/ShopBiz](https://www.nipSCO.com/ShopBiz)
