No-Cost Improvements that May Result in Big Savings

Save on energy usage! Eligible income-qualified customers can schedule a no-cost weatherization that may help improve the comfort and performance of their homes. You do not need to be the homeowner, but you will need permission from the property owner before permanent products are installed.

- Analysis of heating and cooling system to determine operating efficiency
- Inspection of insulation levels

On-the-spot installation of some or all of the following energy-saving products:

- LED lighting
- Duct sealing
- Smart Wi-Fi thermostats (*home must have Wi-Fi*)
- Sink faucet aerators
- Showerhead(s)
- Water heater pipe wrap

What you can expect:

- A weatherization appointment usually takes 1-2 hours
- The home owner or account holder must be at least 18 years of age and must be in the home for the entire duration of the assessment
- If you don't own your home, you must receive written permission from the landlord or property owner before the installation of any permanent products
- Program funds are limited. The program is available on a first come, first served basis for qualified NIPSCO customers before November 30th of the current program year.

Scan the QR Code to schedule an Income Qualified Weatherization* or visit nipsco.com/IQW to learn more.

Do you qualify?

- Must be a NIPSCO residential customer with active electric and/or natural gas service
- Your home must be more than five (5) years old
- Home has not received a NIPSCO sponsored weatherization or assessment in the past three (3) years
- Total household income is at or below 200% of the Federal Poverty Level
- And receive:
 - Low-income Home Energy Assistance (LIHEAP or EAP), or
 - Temporary Assistance for Needy Families (TANF), or
 - Supplemental Security income (SSI)
